

A vibrant, cartoon-style illustration of a party scene. At the top, a string of colorful triangular bunting (red, blue, yellow) hangs against a dark purple night sky filled with stars and confetti. Several colorful balloons (red, purple, yellow, blue, orange) are scattered around. In the center, the words "PARTY GUIDE" are written in large, bold, white, 3D-style letters. To the left, a white robot with large blue eyes and a red mouth is flying. In the bottom left, a brown horse-like character with a white collar is smiling and holding a yellow and red striped party horn. In the center, a green parrot with a blue scarf and a small party hat is flying. To the right, a brown deer-like character with a striped party hat is standing next to a white birthday cake with pink polka dots and three lit candles. The overall atmosphere is festive and celebratory.
